

To strengthen our freelance partnership, we are looking for:

Interim Manager / Partner IT

You should have a university degree and at least 5 years of experience in a B- or C-Level position, as well as at least 5 years as an Interim Manager.

Many years of experience in at least one of these areas:

- IT Service Management / Sourcing / Service Integration (incl. Cloud services and technologies).
- Digital Transformation / IoT / Industry 4.0
- Information Security / Security Management
- AI / Machine Learning / Neural Networks

You should be familiar with the following technical applications:

- Skill in managing processes and workflows (definition, accountability, governance, improvement).
- Broad experience across all areas of IT (strategy, development, operations, optimization)
- Knowledge in the areas of IT architecture, applications and infrastructure
- Successful in managing projects (classic and agile)
- Proficient in budget responsibility (cost/profit centre)
- Familiarity with IT governance, IT compliance and auditing
- Certifications, appropriate to the above areas, desirable (e.g., PMI, Scrum, ITIL, SIAM, CISO, ISO 27001, COBIT, etc.).

To ensure successful and homogeneous collaboration, we expect the following personal **characteristics and skills** from a future Associate Partner:

- No membership in a similar community with joint marketing & sales and billing through the community (providers are excluded).
- "Hands-On" mentality
- Interdisciplinary thinking
- Integrative and facilitative approach
- Strong communication skills
- Decisiveness
- Ability to accept conflicts and resolve them quickly
- Strong assertiveness
- Ability to work in a team and share experiences in a group setting
- Strong acquisition skills and experience in winning mandates

German and English spoken & written are a prerequisite - any other language is welcome.
